

Iron museum display case h1041_04

Horizontal museum display case in black iron and 8 mm tempered glass. Dimensions: W 180 x D 80 x H 105 cm, with 8 corner LED spotlights at 4,000°K and locks.

The **iron museum display case** is a large-format solution designed for the setup of museum spaces and showrooms that require an extensive viewing area and superior security. Made with a robust **black iron structure**, this horizontal case offers exceptional stability and a contemporary design that integrates into prestigious contexts. The protection of objects is guaranteed by the use of **8 mm tempered glass**, which combines very high transparency with certified mechanical resistance against impacts. The lighting system is particularly advanced, using **8 LED spotlights positioned in the corners** with a color temperature of 4,000°K, ensuring a neutral and uniform light across the entire display area. The display case is equipped with **security locks** and is supplied **completely assembled**, eliminating any installation complexity on site.
