

IV stand for hypodermoclysis h695_09

Stainless steel and aluminum infusion stand with brushed finish and 4 hooks. Height: 1250-2100 mm.

The IV pole is an essential product for hospitals, nursing homes and clinics. The product features an **essential yet robust steel and aluminum structure** and is equipped with **4 hooks**. Each hook can hold up to **2 kg of liquid**, making it ideal for domestic use as well. The product has a height ranging **from 125 cm to 210 cm** and is therefore adjustable on multiple levels. The 5 wheels Ø 50 mm, 3 of which with brakes, ensure safe movement even in tight spaces.

Technical features:

- Outer tube dimension: 25 x 1.5 mm
- Inner tube dimension: 18 x 1.5 mm
- Height: 1250-2100 mm
- 5 Wheels Ø 50 mm (3 with brake)
- 4 Hooks
- Hook capacity: 2 kg
- Material: Stainless steel and aluminum
- Finish: brushed
- Compliant with DIN ISO 15375
