

Joinable desk for nursery school h908_157

Hex-round table for nursery school, solid beech wood structure, H 53 cm. Joinable wave shape for modular teaching stations. The **H908_157 table** represents an advanced furnishing solution for **nursery school** environments, designed to combine ergonomics and pedagogical flexibility. The characteristic **wave hex-round** shape has been designed to allow for the quick joining of multiple modules, facilitating the creation of educational circles, group stations, or fluid layouts that adapt to various daily activities. The use of natural materials such as beech wood contributes to defining a warm and reassuring atmosphere, essential for the well-being of young users.
