

Joinable desk for nursery school size 1 h908_158

Half-round desk for nursery school in steel and ivory top. Dimensions 130x64x46 cm. Ideal for modular configurations and group activities.

The **H908_158 nursery school desk** is an educational module with a **half-round** shape, specifically designed to meet the ergonomic and pedagogical needs of preschool educational environments. Its semicircular geometry is designed to promote **modularity**, allowing multiple units to be combined to create circular tables or aggregate compositions, ideal for stimulating interaction and collaborative work among children.

The load-bearing structure is made of **aluminum painted steel** with **60 mm** circular section legs, ensuring superior stability compared to common standards. The ivory worktop was selected to offer a neutral surface that minimizes light reflection, improving visual comfort during prolonged educational activities.
