Key cabinet h824_07

Professional key cabinet in aluminum and plexiglass, 55x37 cm. Equipped with 48 numbered hooks for quick and secure organization.

The **key cabinet** is a professional solution designed for the orderly management and secure storage of keys in high-rotation contexts. Ideal for offices, accommodation facilities, and company departments, the device solves the problem of key loss thanks to a rational layout on a numbered grid. The structure combines the lightness of **aluminum** with the robustness of a galvanized sheet metal back covered in PVC, ensuring structural stability and protection against mechanical wear.

Technical features

- **External structure:** High-resistance aluminum profiles
- **Back:** Galvanized sheet metal with PVC protective coating
- **Closing system:** Transparent plexiglass hinged door for immediate visual inspection
- **Capacity:** 48 pre-numbered hooks for unique identification
- **Dimensions:** Width 55 cm, Height 37 cm
