Key storage cabinet h42_44

Two-door key cabinet in painted steel, 600 hooks and electronic lock. Ideal for centralized management in large facilities.

The **two-door key cabinet** is a professional solution designed for the organization and secure storage of high volumes of keys in high-rotation contexts. Thanks to its double-door structure, it optimizes operational space allowing for the orderly storage of **600 sets**. The integrated locking system with **programmable electronic lock** (customizable 4-digit code) guarantees secure and flexible access control, eliminating the need to manage physical keys for opening the cabinet itself.

Technical features

- **Capacity:** 600 key hooks
- **Locking system:** Programmable electronic lock with 4-digit code
