

Kindergarten coat rack with 6 seats h364_52

6-seat nursery coat rack in ecological wood conglomerate, dimensions 96x16 cm, high-resistance orange hooks and FSC certification.

The **wall-mounted nursery coat rack** is a functional solution designed for the organization of school classrooms and corridors. The structure allows children to independently manage their belongings, offering robust support for jackets and backpacks. Made with particular attention to sustainability and safety, the module uses **ecological melamine-faced wood conglomerate** combined with impact-resistant plastic elements.
