

Kindergarten mobile unit h927_15

Educational trolley with doors for kindergartens, 155x107x92 cm. High-capacity mobile structure for organizing educational and play materials.

The **multi-functional educational trolley** is a professional solution designed specifically for furnishing kindergartens and nurseries. This module addresses the need to manage significant volumes of educational materials and games, allowing order to be maintained in collective spaces. Thanks to the movement system on wheels, the trolley facilitates the reconfiguration of educational environments, allowing operators to transport the necessary material directly to activity areas, optimizing time and ensuring maximum operational functionality.

Technical specifications

- **Total dimensions:** L. 155 cm x D. 107 cm
- **Height:** 92 cm
- **Closing system:** Equipped with resistant doors for content protection
- **Mobility:** Integrated wheels for smooth and safe movement
- **Capacity:** Large internal storage compartments for bulky materials
- **Maintenance:** Resistant and easy-to-clean surfaces for high hygiene standards
