

Kitchen play unit without hood for nursery school h681_61

Kitchen play unit without hood for nursery school h681_61 in birch melamine with low silver backrest, 4 burners, knobs and oven door with transparent plexiglass. Dimensions: 104 x 41 x 56/71 H cm.

The **kitchen play unit without hood for nursery school h681_61** is a professional play-educational module with very high mechanical stability, developed specifically for **school managers, employers of educational institutions, interior designers, educators, and corporate safety managers in the school or childcare sector**. This complement responds to the organizational need to set up corners dedicated to symbolic and imitation play, solving the operational problem of **providing children in early childhood with a stimulating and safe simulation area, eliminating the risk of injury thanks to rounded edges and certified materials with very low emission of volatile substances**. Regarding materials, the supporting structure and adjustable internal shelves are made of 20 mm thick wood conglomerate panels in a birch-colored melamine-faced finish, closed perimetrically by matching 3 mm ABS edges. The supporting low backrest is also in 20 mm melamine-faced wood in a silver color finish. The 2 doors are made of birch plywood (15 mm thick, class E1) coated on both sides in 9/10 HPL plastic laminate, Class 1 fire-retardant and with a scratch-resistant matte finish. The kitchen is equipped with 4 burners, knobs on the surface, and an oven door with a central transparent plexiglass porthole. The structural connection relies on a mechanical system of bushings and eccentric cams with wooden dowels, while the floor support uses 4 massive feet in turned beech wood completed by adjustable ABS glides.

Technical characteristics

- **Product type:** symbolic kitchen play furniture without hood for nursery and early childhood
- **Code reference:** h681_61
- **Overall width:** 104 cm
- **Overall depth:** 41 cm
- **Overall height (Worktop / Low backrest):** 56 / 71 H cm
- **Structure and shelf material:** wood conglomerate panels with very low formaldehyde emission, thickness 20 mm
- **Aesthetic finish of the shell and shelves:** birch-colored melamine-faced
- **Structure edge specifications:** 3 mm thick matching ABS edges, rounded according to current safety regulations
- **Material and finish of the supporting low backrest:** 20 mm thick melamine-faced wood, silver color finish
- **Door material (2 units):** birch plywood panels in formaldehyde emission class E1, thickness 15 mm
- **Protective coating of the doors:** 9/10 thick HPL plastic laminate on both sides, matte and scratch-resistant finish
- **Fire rating of the doors:** Class 1 fire-retardant reaction to fire
- **Door edges:** polished visible and rounded according to current safety regulations
- **Door opening mechanics:** flush-mounted, opening to 110° via robust stamped steel hinges; opening via a cutout in the upper part
- **Shaped fronts and accessories (Top and Backrest):** medium-density (MDF) panels from 19/50 mm with a matte and scratch-resistant colored lacquered finish
- **Integrated play equipment and components:**
 - 4 burners positioned on the worktop
 - Control knobs on the top
 - Oven door provided with a central part in transparent plexiglass
- **Type of internal shelves:** height-adjustable internal shelves
- **Structural assembly technology:** mechanical system of bushings and eccentric cams, assisted by joints with wooden dowels for maximum hold
- **Floor support:** 4 feet made of turned solid beech wood with a diameter of 60 mm and a height of 100 mm
- **Feet finish and protection:** natural polishing performed with non-toxic transparent water-based paints
- **Leveling hardware at the base:** adjustable anti-noise ABS glides positioned at the base of the feet
