

Laundry trolley for hospital sector h44806

Laundry transport trolley with ABS lid operated via pedal. Polyester bag with 70 L capacity.

The laundry trolley is perfect for use within nursing homes, retirement homes, clinics and hospitals in order to manage the laundry collection activity in a practical and functional way.

The trolley features a **polyester bag** with a **capacity of 70 liters** suitable for holding dirty laundry.

The product features a **lid** made of **ABS** operated **by pedal** which will allow for covering the contents of the bag, contributing to maintaining order and hygiene within the facility.

The structure of the trolley is in **steel with an epoxy coating** while the **base** is in **ABS**.

Moving the trolley is simple and safe thanks to the **80 mm diameter wheels** and the **bumper protection**.
