Laundry trolley for hospitals h919_18

Double laundry trolley in epoxy steel, 92.3x50x94 cm. Professional structure with lid for laundry collection in hospitals and nursing homes.

The **double laundry trolley** is a professional solution designed to optimize the collection and handling of dirty laundry within healthcare facilities, clinics, and nursing homes. The structure, made entirely of **steel with an epoxy finish**, ensures the necessary mechanical strength to support intensive daily loads, while guaranteeing high resistance to chemical agents used for sanitization.

The integration of the **lid** allows for the insulation of the contents, maintaining high environmental hygiene standards in corridors and wards, preventing the dispersion of odors or volatile particles during transit to the laundry areas.

Technical characteristics

- **Overall dimensions:** W. 92.3 x D. 50 x H. 94 cm
- **Frame material:** Steel with epoxy powder coating
- **Configuration:** Double support for laundry bags
- **Equipment:** Protective lids included
- **Use:** Handling and temporary storage of dirty laundry
- **Weight:** approx. 27 kg
