Laundry trolley with lid h919_19

Double stainless steel laundry trolley (116x51.5x94 cm). Robust structure with lids for the hygienic management of dirty linen.

The **double laundry trolley** is a professional solution designed to optimize the collection and transport of contaminated textiles within healthcare contexts. The double-compartment configuration allows operators to manage high volumes or perform an initial differentiation of linen already during the collection phase, improving the efficiency of workflows in hospitals and care facilities.

Technical features

- **Material:** Entirely made of stainless steel, chosen for its anti-corrosive properties and mechanical resistance.
- **Configuration:** Double system for bag housing, complete with lids to ensure the isolation of the contents.
- **Intended use:** Collection and movement of dirty or potentially infected linen.
- **Overall dimensions:** L. 116 x D. 51.5 x H. 94 cm.
- **Operating weight:** Approximately 26.8 kg, optimized to ensure stability during movements at full load.
