

Magnetic up-and-down whiteboard h21907

Up-and-down whiteboard. Dimensions: W200 x H100 cm. Color: white.

Up-and-down system ideal for universities and conference rooms. Composed of two whiteboards of the same size, made of porcelain steel and with a perimeter frame in anodized aluminum.

The surfaces are suitable for **writing with dry-erase felt-tip pens**.

The two whiteboards are perfectly counterbalanced with each other and therefore have dependent movement: when one rises, the other whiteboard descends.

The structure is complete with a **marker shelf** and is prepared for **wall mounting**.

Technical features:

- Type: up-and-down
- Dimensions: W200 x H100 cm
- Color: white
- Material: Porcelain steel
- Anodized aluminum frame
- Marker shelf
- Surface suitable for writing with dry-erase felt-tip pens

On request and upon quotation, special formats and configurations can be provided.
