

## Lighter display stand for tobacconists h339\_74

Countertop lighter display in transparent plexiglass. Vertical design with 4 shelves, 3 mm thickness. Dimensions: W 20 x D 16 x H 47 cm.

The **h339\_74 lighter display stand** is a vertical display solution in **transparent plexiglass**, designed to optimize the sale of small impulse items in tobacconists, betting shops and bars. Thanks to its structure with **4 horizontal shelves**, this support solves the problem of limited space on the sales counter, allowing a wide range of products to be displayed in just 20 cm of width. The crystal-clear design guarantees total visibility of the lighters from every angle, enhancing product packaging and facilitating customer choice. Made with a thickness of 3 mm, the display is solid yet lightweight, ideal for **easy placement** near the cash register or on back-counter shelving.

## Technical characteristics

- **Material:** High transparency clear plexiglass.
- **Thickness:** 3 mm.
- **Configuration:** 4 fixed horizontal shelves.
- **Total dimensions:** 20 x 16 x H 47 cm.
- **Type:** Vertical countertop display.
