

Liquid soap dispenser h20_245

Liquid soap dispenser h20_245 in satin AISI 304 stainless steel. 0.5 L refillable tank with vandal-proof lock. Dim: 107x97x225 mm.

The **Liquid soap dispenser h20_245** is a professional wall-mounted dispenser designed for the setup of high-traffic restrooms and washbasin areas. This accessory addresses the operational problem of continuous damage and tampering in high-attendance bathrooms, offering a robust structure in AISI 304 stainless steel with a satin finish and a vandal-proof metal lock. Intended for managers of hospitality facilities, offices, restaurants, schools, stations, sports facilities, and healthcare facilities, the dispenser integrates a 0.5-liter internal plastic refill tank, compatible with all types of liquid soap except those with microgranules. Dispensing occurs via a "pull" system, while the front window allows staff to check the soap level. It comes ready for installation with the installation kit included, comprising stainless steel screws and wall plugs.
