

Locker with 2 compartments h908_101

Two-compartment locker in laminated wood (100x45x100 cm) with beech feet and integrated shoe rack for nurseries and kindergartens.

The **two-compartment locker h908_101** is a professional furniture solution designed specifically for school environments, nurseries, and childcare centers. Made of **high-resistance laminated wood**, the unit is structured to favor the rational organization of common spaces, while promoting children's autonomy and safety. The open configuration allows quick and intuitive access, facilitating daily clothing change operations.

The design integrates advanced functional elements such as the **shoe compartment at the base**, which ensures hygienic separation between footwear and clothing, and **beech wood feet**, which provide structural stability and protection against humidity. The locker is designed to withstand intensive use, maintaining a warm and natural aesthetic suitable for educational contexts.

Technical features

- **Main structure:** Resistant laminated wood with scratch-resistant finish.
- **Configuration:** 2 independent open compartments for backpacks and jackets.
- **Included accessories:** Specific child-sized plastic hangers for each compartment.
- **Support system:** Solid beech wood feet for extra stability and floor insulation.
- **Footwear compartment:** Dedicated lower compartment for maintaining order and hygiene.
- **Dimensions:** W 100 x D 45 x H 100 cm.
