

Low dining room service cabinet h684_04

Low "Outdoor" service cabinet in AISI 304 stainless steel (96.5x53.3x105.2h cm). Designed for outdoor use in patios, terraces and catering, with 2 cutlery drawers, lower 2-door compartment and reinforced 125 mm wheels.

The **low stainless steel service cabinet** is the ideal solution for those looking for a compact and indestructible workstation for outdoor spaces. Entirely made of **AISI 304 stainless steel**, this cabinet is designed to resist oxidation, humidity and bad weather, guaranteeing exceptional longevity even in marine contexts or by the pool. The configuration includes **2 upper drawers** for cutlery management and a large **lower 2-door compartment**, perfect for storing plates, linens or room equipment protected from dust. Thanks to the push handle and the large diameter wheels, movement on external surfaces is smooth and safe.
