

## Luggage and garment trolley h2269

Luxury luggage trolley in brass-plated steel with carpeted shelf and perimeter bumper. Classic and elegant design for hotels and resorts.

The **luggage trolley** in gold finish is the distinctive accessory for hospitality facilities aiming for high-profile reception. Made with a **brass-plated steel tube structure**, this model combines the robustness of metal with a warm and luxurious aesthetic, ideal for classic hotel lobbies and boutique hotels. The support shelf is entirely **covered in carpet**, a technical solution that solves the problem of luggage slipping and protects the suitcase finishes during movement. To preserve the integrity of prestigious environments, the base is surrounded by a **non-marking rubber bumper**, designed to cushion any impact against walls or furniture without leaving marks.

## Technical features

- Main structure in brass-plated steel tube
- Loading shelf covered in professional carpet
- Perimeter protection with rubber bumper
- Ergonomic handle design for easy pushing
- Reinforced base for carrying heavy loads
