

Luggage and heavy load trolley h45613

Professional crate trolley in AISI 304 stainless steel, capacity 200 kg, dimensions 61x11x85 cm. Structure with tubular handles and braking wheels.

The **crate trolley** represents an advanced technical solution for the manual handling of heavy loads in professional contexts. The structure is characterized by a solid base in **AISI 304 stainless steel sheet**, the material of choice for mechanical resistance and durability over time. The two tubular handles, also in stainless steel, ensure an ergonomic grip and optimal control when moving bulky packages such as suitcases, crates and parcels.

Technical features

- **Material:** AISI 304 stainless steel
- **Configuration:** 1 full sheet base shelf
- **Maximum load capacity:** 200 kg
- **Trolley weight:** 17 kg
- **Handling system:** 4 wheels (2 fixed and 2 swivel equipped with brakes)
- **Wheel diameter:** Ø 140 mm
- **Total dimensions:** L 61 x D 11 x H 85 cm
