

Steel luggage trolley h2244

Robust luggage trolley in aluminum-painted steel. Capacity 200 kg, without sides and with perimeter bumper. Dimensions 144x66xH95 cm.

The **luggage trolley** is a high-performance logistics solution, designed to meet the needs of moving heavy loads in high-traffic contexts such as **hotels, airports and railway stations**. Made with a reinforced structure in **painted steel tube and sheet metal** in an elegant aluminum color, this tool solves the problem of transporting bulky luggage thanks to the **sideless** design, which allows for easy positioning of even oversized packages. Stability is guaranteed by a system of 4 large-diameter wheels, while the safety of the infrastructures is entrusted to a gray rubber **ring bumper** that cushions accidental impacts.

Technical features

- Reinforced structure in steel sheet and tube
- Finish: aluminum color painting
- Dimensions: L 144 x W 66 x H 95 cm
- Maximum capacity: 200 kg
- Gray rubber ring bumper
- Handling system: 2 fixed wheels and 2 swivel wheels
- Wheel diameter: 16 cm
