

## Luggage trolley h22\_190

Professional luggage trolley in chrome steel with garment rail and carpeted base. Dimensions L108xW76xH189 cm. Wheels with brake and bumpers.

The **chrome steel luggage trolley** is the technical solution designed to optimize the movement of suitcases and garments within hospitality facilities of all sizes. The column structure with **integrated garment rail** solves the operational problem of combined transport, allowing for simultaneous management of heavy loads on the base and delicate items like jackets and coats hanging. Built to withstand intensive use cycles, this tool facilitates the work of bellhop staff thanks to balanced weight distribution and a smooth rotation system. The chrome finish ensures a modern and professional aesthetic, making it suitable for

**large hotels, resorts and hospitality contexts** that require efficiency and attention to detail in guest service.
