

Luggage trolley h55_142

Luggage trolley in AISI 304 stainless steel with 3 non-marking wheels, integrated basket and electro-welded mesh shelf. Capacity 200 kg. Made in Italy.

The **AISI 304 stainless steel luggage trolley** is the professional solution designed for the efficient and safe transport of suitcases in hotels, resorts and residences. Made with high-quality materials, this tool solves the operational problem of handling in humid or corrosive environments, guaranteeing **maximum hygiene and resistance** over time. The agile three-wheel structure and the **integrated storage basket** allow staff to simultaneously manage bulky luggage and small personal items, optimizing reception times and improving the guest's experience upon arrival.
