

Market table 60 x 150 x H 63 cm h757_17

Technical market table, with reinforced profile and rounded safety corners. Dimensions: L 150 x D 60 x H 63 cm.

The **H757_17 market table** is a professional technical solution designed to offer a **solid, safe and durable support surface**, ideal for markets, fairs, exhibitions or itinerant work contexts. Made with a robust structure and functional details, it is designed to guarantee **maximum stability and safety** even in high-intensity use environments.

The load-bearing structure is made of a **30 x 18 mm metal profile**, with **40 x 10 mm oval profiles**, while the **reinforced hinge** ensures a stable and resistant hold over time. Assembly is carried out using **bolts**, for greater sustainability and construction simplicity.

The **profiles with special inserts** guarantee greater grip and functionality, while the **rounded safety corners** make it safe for public and daily use. The table is also **prepared for extensions on the legs**, making it modular and easily adaptable to different operational configurations.

With a height of 63 cm, it is perfect as a **support or work bench** in temporary or permanent contexts, offering **practicality, easy handling and functionality** in a single structure.

Choose a resistant and versatile technical table. Order the **H757_17 table** now or request a quote for multiple supplies.
