

Termigea anti-decubitus hollow fiber mattress with 15 elements h23008

Hollow fiber mattress with interchangeable elements. Dim: Width 85 x Length 195 x H 13 cm. Maximum capacity: 100 Kg. Made in Italy.

Anti-decubitus mattress **entirely made in Italy** with premium materials; suitable for preventing pressure sores in long-term patients and in post-operative care. The mattress consists of 15 TNT cylinders containing **siliconized hollow fiber**, enclosed in a **washable 100% cotton cover** with a zipper. The cylinders act independently from one another and allow the fiber to express its potential to the fullest; that is, to allow the passage of air and therefore excellent skin breathability.

Technical features:

- Material: siliconized hollow fiber
- Washable cotton cover
- Number of elements: 15
- Dimensions: Width 85 x Length 195 x h.13 cm
- Maximum capacity: 100 Kg
- Manufacturer: Termigea
