

Mayo stand for operating room h727_17

Professional Mayo stand in AISI 304 stainless steel with hydraulic foot pedal adjustment, 80x50 cm removable top and antistatic wheels.

The **professional Mayo stand** is an indispensable device for the organization and transport of surgical instrumentation within operating blocks and specialist clinics. Entirely made of **AISI 304 stainless steel** with a Scotch-Brite finish, this support guarantees the highest standards of asepticism, corrosion resistance, and mechanical durability. The integration of a **hydraulic pump** operated via foot pedal allows for precise height adjustment, enabling the operator to adapt the work surface without compromising hand sterility.

Technical features

- **Tabletop dimensions:** W.80 x D.50 cm
- **Height adjustment:** from 87 to 120 cm via hydraulic foot pump
- **Material:** AISI 304 stainless steel (Scotch-Brite finish)
- **Worktop:** Removable to facilitate deep disinfection procedures
- **Mobility:** 4 antistatic swivelling wheels, 2 of which are equipped with parking brakes
- **Mechanics:** Sealed stainless steel lifting system
