

Mayo table for operating room h576_01

Instrument table with 4-star die-cast aluminum base. Elevation range via hydraulic pump: from 870 mm to 1210 mm.

Instrument table with fixed worktop entirely made of 18/10 AISI 304 (X5CrNi1810) stainless steel ideal for hospital and clinic operating rooms. Mayo table with **removable worktop**, burnished and without open corners, with rounded perimeter. Stable instrument table with 4-star aluminum base equipped with **4 wheels with non-marking polymer thread guard**. The elevation system is operated **by a chrome-plated steel hydraulic pump**, with single movement, sealed circuit, and foot-pedal activation. The convenient pedal is in an ergonomic position located inside the structure.

Technical features:

- 18/10 AISI 304 stainless steel worktop (non-rotating)
- 4-star aluminum base
- Equipped with 4 twin wheels Ø 50 mm
- Operation: via **chrome-plated steel** hydraulic pump
- Elevation range from 870 mm to 1210 mm
- Useful worktop dimensions: W. 750 x D. 550 x H. 30 mm
- Overall dimensions: 780 x 580 mm
- Maximum capacity: 30 kg (evenly distributed on the worktop)

The Mayo table h576_01 is also available on the MEPA portal. Discover how to find our company on the [Public Administration portal](#).
