

Mayo Table for operating room h576_02

Instrument table for operating room with **AISI 304 steel base** and **chrome-plated steel pump**

Mayo Table used for the operating room, with **single movement pump** and **swivel instrument tray**. The **instrument trolley** has the **base made of 18/10 AISI 304 stainless steel** and the **chrome-plated steel pump**. It is equipped with a solid **4-spoke base** in rectangular section tube, **removable work surface**, without open corners, elevation system using a **hydraulic pump with single movement**. The Mayo Table offers all the quality and safety standards that such an environment requires: high degree of corrosion resistance, high degree of bacterial removal, excellent durability over time. The materials and the assembly system allow for disinfection inside washing tunnels.

Technical Features:

- Base material: Stainless Steel
- Chrome-plated steel pump
- N° 4 circular section spokes with safety tips
- N° 4 twin wheels Ø 75 mm, with thread guard, in non-marking polymer, 2 with brake and 2 antistatic.
- Deep-drawn removable work surface without open corners, with rounded perimeter.
- Table freedom degree: +180° / - 180°, operational safety degree + 90° / - 90°
- Rotation system equipped with safety lock
- Elevation system with hydraulic pump, single movement, sealed circuit, with pedal activation.
- Elevation range from 935 mm to 1,300 mm.
- Ergonomically positioned pedal located inside the structure.
- Maximum capacity 30 Kg, evenly distributed on the work surface.
- Useful support surface dimensions: W.750 x D. 550 x h.30 mm
- Overall dimensions: W.780 x D. 580 x h.935/1300 mm

INFORMATION

- **Adjustable height** from 93.5 to 130 cm
- **Tray size** 75 x 55 cm
