

Mayo table for operating room h727_16

Mayo table for operating room in AISI 304 stainless steel, removable tray and adjustable height 87-120 cm. Equipped with safety antistatic wheels.

The **Mayo table for operating rooms** is an indispensable device for supporting surgical instrumentation during procedures. Designed to be positioned over the surgical field or alongside the surgeon and scrub nurse, it offers a stable and highly hygienic work surface. The structure is entirely made of **AISI 304 stainless steel with a Scotch-Brite finish**, ensuring maximum resistance to corrosion and hospital disinfection protocols. The **manual height adjustment** allows the surface to be adapted to the specific needs of the medical team and the type of surgery being performed.

Technical specifications

- **Dimensions:** W 80 x D 50 x H 87/120 cm
- **Material:** AISI 304 stainless steel with Scotch-Brite finish
- **Adjustment:** Manual height adjustment for precise positioning
- **Worktop:** Removable to facilitate sanitization operations
- **Mobility:** 4 antistatic swivelling wheels (2 equipped with parking brakes)
