

Medical clinic screen h930_09

Single-section hospital screen, cotton panel, 144x65x177 cm, patient privacy for clinics.

The hospital screen is a structural solution dedicated to clinics and doctors' offices to ensure **patient privacy during medical visits, treatments, and diagnostic procedures**. The robust and resistant structure supports a cotton panel that allows for a functional separation of clinical spaces without the need for permanent masonry work.

Technical features

- Single-section configuration
- Cotton panel
- Length: 144 cm
- Depth: 65 cm
- Height: 177 cm
