

Medical clinic stool h709_01

Stool without backrest for medical practices. Adjustable height from 44 to 58 cm. Mobile base with castors.

Medical stool, specifically for use in clinics, dental practices, and medical offices. Consisting of a **5-spoke aluminum base**, complete with **swivel castors** and a seat upholstered in skay. Thanks to the presence of the wheels, it is possible to move the stool without having to lift it or stand up from it, while a **gas lever** located under the seat allows for **height adjustment** according to various needs.

Technical characteristics:

- Seat dimensions: Ø35 x H6.5 cm
- Base material: aluminum
- Seat upholstery in skay
- Base with 5 swivel castors
- Seat color: black
- Height adjustable via gas lever from 44 to 58 cm
