

## Medical record trolley h527\_03

**Ward round trolley** for hospital facilities. Equipped with two large sliding drawers. Dimensions: W 770 x D 600 x h 1070 mm.

The **medical record** trolley is designed to offer practicality and robustness in the daily operations of medical staff. The **uprights**, **sides** and **back** of the trolley are made of **powder-coated aluminium**, ensuring strength and durability over time. The **top surface**, made of **technopolymer plastic material**, offers a large work surface. The **drawers**, with **injection-molded ABS fronts**, slide on **full-extension guides**, ideal for holding **A3 and A4 size records**. Each **large drawer** can hold from **25 to 30 records**, ensuring efficient document management. The **handles** are made of **glass-filled nylon**, for a secure and durable grip. The trolley has a **simultaneous locking system** to ensure the security of the contents. The **base**, constructed of **powder-coated tubular steel**, is equipped with **4 wheels of 125 mm**, 2 of which with **brakes** and **perimeter bumpers** for safe maneuverability. A **pull-out laptop tray** and a **side pocket** for additional storage space are also included.

### Technical features:

- Dimensions: W 770 x D 600 x h 1070 mm
- Uprights, sides and back material: powder-coated aluminium
- Top material: technopolymer plastic material
- Drawer fronts material: injection-molded ABS
- Base material: powder-coated tubular steel
- Sliding drawers on full-extension guides suitable for A3 - A4 records per drawer
- Capacity per single drawer: 25 to 30 records
- Handles made of glass-filled nylon plastic material
- Simultaneous locking system
- 4 wheels Ø 125 mm, 2 with brakes and perimeter bumpers
- Pull-out laptop tray
- Side pocket
