

Medical step stool for clinics h709_16

Chrome-plated steel hospital step stool with 2 steps and non-slip platforms. Easy access to medical couches. Dimensions 47×55×43 cm.

Step stool dedicated to healthcare environments to facilitate patient access to medical couches and raised surfaces. Essential in **medical offices, hospital wards, and physiotherapy facilities** where patient autonomy and safety during transfer are critical. It solves the problem of safe and easy access to elevated surfaces, reducing the risk of falls and fatigue.

Technical features

- **Dimensions:** W 47 × D 55 × H 43 cm
- **Number of steps:** 2
- **Platforms:** non-slip on both steps
- **Frame material:** chrome-plated steel
