

## Medical stool with backrest h576\_09

Medical stool for medical practices with round seat and backrest.

**Medical operator stool with round seat** and comfortable backrest. **The stool** is equipped with a **5-spoke die-cast aluminum base, with 5 twin Ø 50 mm wheels** in non-marking polymer, centralized brake with pedal activation and footrest in **AISI 304 stainless steel**. The comfortable round seat and backrest are padded in **fireproof polyurethane covered** in antibacterial faux leather. **360° seat rotation** characterizes this elegant stool. Furthermore, the **backrest is adjustable** in height and depth, mounted on a harmonic steel support. The elevation system is via a precision hydraulic pump in Chrome-plated Steel, single movement, sealed circuit, with pedal activation. Elevation range from **630 mm to 830 mm**. Pedal covered in **high-grip rubber**.

### Technical features:

- Round seat and backrest: padded in fireproof polyurethane
- Antibacterial faux leather covering
- 360° seat rotation
- Height-adjustable backrest
- Hydraulic pump elevation system in chrome-plated steel
- Seat dimensions: Ø 360x50 h mm
- Overall dimensions: Ø 690x630/830h
- Weight: 14 kg
