

Medical stool with ergonomic seat and backrest h904_06

Medical stool with ergonomic seat and backrest. Black nylon base. Dimensions: W. 60 x D. 60 x h. from 47 to 59 cm.

The **medical stool** is designed to ensure **maximum comfort and functionality** during long working hours. The robust **metal frame** provides stability and durability, while the **black nylon spoke base** offers a solid support base and ease of movement thanks to the integrated castors. Equipped with a **backrest**, this stool ensures adequate lumbar support, fundamental for maintaining correct posture. The **ergonomic seat** is **padded with 5 cm thick semi-hard foam**, ensuring prolonged comfort without sacrificing the necessary support. The absence of armrests allows for greater freedom of movement, essential in the operational dynamics of medical practices. The **height adjustment, from 47 to 59 cm**, allows the stool to be adapted to different user needs and preferences, further improving ergonomics and comfort. **Supplied disassembled**, the stool is easy to assemble, ensuring rapid setup. Perfect for medical environments, this stool combines **practicality, comfort, and build quality**.

Technical features:

- Dimensions: W. 60 x D. 60 x h. from 47 to 59 cm
- Height adjustable
- Metal frame
- Nylon base
- Base color: black
- With backrest
- Without armrests
- Ergonomic seat padded in 5 cm thick semi-hard foam
- Available in different colors
