

Medicine cabinet 24 compartments h601_04

Monoblock 20mm melamine medicine cabinet, 24 compartments with thermoformed containers, espagnolette lock, adjustable feet, 90x60x91.5cm.

Compact and functional medicine cabinet, designed for healthcare facilities needing efficient organization of pharmaceutical spaces. Ideal for **medical offices, clinics, hospitals and nursing homes**, it allows for the correct storage and management of medicines with secure separation of controlled substances.

The **20mm thick melamine monoblock** structure guarantees solidity and durability. The **scratch-resistant** finish facilitates frequent sanitization, an essential requirement in medical contexts. The **ABS edging** protects the corners, while the **anti-trauma handles** prevent accidental injuries during daily use.

The **270-degree opening with 3 hinges** allows easy access to the containers. The **espagnolette lock** ensures the simultaneous blocking of all compartments, preventing unauthorized access. The **6 shelves with separate lock** are intended for the storage of narcotics, in compliance with traceability regulations.

The **24 compartments in thermoformed ABS containers** are equipped with removable transparent trays made of shatterproof material. The **depth adjustment and the shelves on racks** allow for customization of the space to adapt to different storage needs.

The **support on a steel frame with height-adjustable feet** guarantees stability even on irregular floors and facilitates cleaning underneath.

Technical features
