

Medicine cabinet 82 slots h823_07

82-slot drug cabinet for healthcare facilities, 10/10 anticorrosive steel, narcotics safe, PVC curtain with code lock.

Medicine storage cabinet designed for high-criticality healthcare environments such as hospitals, clinics, and assisted living facilities. It ensures **centralized organization and pharmacological safety** through an **82-slot** modular configuration, with separate management of controlled drugs and easy accessibility to frequently used medicines.

The structure integrates a **dedicated safe for narcotics** with a code lock, fundamental for compliance with regulations on controlled drugs. The **PVC sliding curtain** with a code lock ensures controlled access, while the **42 x 70 mm drawers and 40 x 110 mm drawers** allow for granular organization of medicines according to hospital protocols. The **telescopic shelf** facilitates retrieval and inventory without having to completely empty the containers.
