Medicine cabinet for medical offices h18_30

Painted steel medicine cabinet for medical offices, glass door with adjustable shelves, key lock, 60x35x160 cm.

Medicine cabinet designed for **medical offices and clinics**, made with a structure in **8/10 thickness sheet steel** oven-painted with epoxy-polyester powders. The preliminary phosphating and degreasing treatment in a thermal tunnel ensures a durable and resistant finish.

The **single-door showcase** is framed with a mirror-polished aluminum profile and incorporates **patterned glass shelves** that can be positioned on a rack, allowing for a flexible internal configuration according to storage needs. The closure is entrusted to a **key lock** for the safety of medicines.

The cabinet rests on **polished aluminum tube feet**, one of which is adjustable to compensate for any floor irregularities.
