

Medicine cabinet h582_01

Medicine cabinet in painted steel with tempered glass door and lock. Adjustable shelves. 53x36x144 cm.

The medicine cabinet is a specialized storage solution for **medicines and drugs** in healthcare environments. Designed specifically for **medical offices, clinics and small medical centers**, it guarantees safe storage and efficient organization of medicines in compliance with storage regulations.

The structure is made of **powder-coated steel sheet**, which ensures durability and easy sanitization. Access to medicines is controlled via a **hinged tempered glass door** equipped with a **lock**, while the doors rest on a **rubber gasket** for an airtight and silent closure.

The interior is organized with **adjustable stainless steel sheet shelves on racks**, allowing for a flexible arrangement based on storage needs and the size of the medicines.
