

Medicine cabinet with doors h823_10

Medical cabinet in steel 1200x660x2000 mm with safe for toxic products, 60 containers, 7 shelves, drawers and key lock for pharmacies and healthcare facilities.

Medicine cabinet designed to manage the organized and secure storage of medications in professional healthcare settings. Suitable for pharmacies, hospitals, laboratories, clinics, and assisted living facilities (RSA). The spacious structure integrates multiple storage solutions to adapt to different types and quantities of pharmaceutical products, with particular attention to the segregation and traceability of medicines.

The product solves the problem of **orderly and safe drug management**, preventing administration errors and ensuring compliance with storage and control standards for medicines in healthcare environments.
