

## Medicine display cabinet h13\_146

1-door medicine cabinet in painted steel and tempered glass, adjustable shelves, dimensions 53x36x144 cm. For medical practices and hospitals.

The 1-door medicine display cabinet is a **storage tool specifically designed for healthcare environments** such as medical practices and hospitals. It allows for organized arrangement and **immediate visibility of medications**, solving the problem of space management and quick access to therapies.

The structure combines **solidity and transparency**: the epoxy powder-coated steel ensures durability and hygiene, while the tempered glass allows visual monitoring of the contents without opening the door. The **internal adjustable glass shelves** adapt flexibly to the size and quantity of stored medicines. The rubber feet guarantee stability on different types of flooring, a critical factor in healthcare environments where movement must be safe.

## Technical features

- Frame material: epoxy powder-coated steel
- Glass: tempered
- Shelves: glass, adjustable
- Number of doors: 1
- Base: rubber feet
- Dimensions: W. 53 x D. 36 x H. 144 cm
