

Medicine display cabinet with 6 trays h13_197

Bilaminated medicine cabinet for pharmacies and clinics. Two doors (lockable and glass), 24 compartments, 6 ISO trays at different heights, 3 drawers. Dimensions: 96x66x195 cm.

The medicine cabinet is a storage solution dedicated to **pharmacies, clinics, and private practices**, designed for the systematic organization of medicines and small medical instrumentation. The two-part structure allows for a logical separation of different product categories and guarantees quick and orderly access during daily operations.

The right side features a **lockable external door with 180° rotation** equipped with 8 medication compartments, dustproof perimeter edging, and an internal container with 8 additional compartments (90° rotation with lock). The left side features a **glass door** with ISO tray rails and 3 drawers at the bottom, ideal for storing material that is not necessarily on display but easily accessible.

Standard equipment includes **6 ISO trays with different heights** (2 of 5 cm, 3 of 10 cm, 1 of 20 cm) and 1 shelf, allowing the internal spaces to be adapted to specific storage needs.

Technical features
