

Medicine showcase with 4 shelves h601_05

Medicine cabinet in epoxy sheet metal with sliding glass doors, lock and 4 adjustable shelves. Dimensions 120x45x200 cm.

The medicine showcase is a cabinet with **sliding glass doors** designed for medical offices, clinics and surgeries. It allows you to keep medicines **organized, protected and immediately accessible** during daily activity, while ensuring the correct storage of medications.

The structure is made of **epoxy-painted sheet metal**, a coating that ensures resistance to wear and ease of cleaning. The interior space is organized by **4 adjustable shelves on a rack system**, allowing the configuration to be adapted to different types of drugs and storage volumes. Access is controlled by a **lock**, an essential element for complying with regulations on the storage and administration of medicines in the healthcare sector. The linear and essential design easily integrates into modern professional environments.
