

Medicine storage cabinet for hospitals h823_08

Medicine storage cabinet with key lock and double sliding tambour door. Dimensions W. 1550 x D. 535 x H. 2000 mm. Equipped with a narcotics safe, 14 containers, and 14 drawers for complete organization.

The medicine storage cabinet is a solution designed for the **centralized and secure management of pharmaceutical supplies** in healthcare and professional environments. Suitable for pharmacies, hospitals, clinics, nursing homes (RSA), and medical offices, it allows for the organization, storage, and tracking of medicines and drugs with **access control via key lock** and a double sliding tambour door closure system.

The structure combines **high storage capacity with specialized subdivision**: a dedicated safe for toxic substances protected by a code, containers of different sizes with label holders, fixed and telescopic shelves, and multi-dimensional drawers for categorization and traceability.

Technical features

- **Dimensions:** W. 1550 x D. 535 x H. 2000 mm
