

Medicine storage safe h718_09

Double-walled medical safe, 3 aluminum drawers, 103 l, EN 1143-1 Level I, floor anchoring included. For hospitals and pharmacies.

Specialized safe for the secure storage of **medicines, narcotics, and medical prescriptions** in high-criticality healthcare environments. Designed for hospitals, clinics, and pharmacies, it offers certified protection against theft and robbery through a **double-walled structure** resistant to attacks with mechanical and thermal burglary tools.

The interior is organized with **3 pull-out aluminum drawers**, each equipped with dividers for an orderly and rational management of medicines. The **provision for floor anchoring** (with fixing material included) ensures immobility and stability over time.
