FAQ:

1. **Are the pill drawers included in the trolley?**
No. The trolley is supplied without drawers. To divide the 15 compartments, it is necessary to purchase the pill dispenser drawers optional.
2. **Do the doors close with a key?**
Yes, the doors are equipped with a key lock, included in the supply.
3. **Is the trolley certified for medical use?**
Yes, it is certified according to NP EN ISO 9001 and NP EN ISO 13485 standards.
4. **What is the load capacity of the trolley?**
The maximum recommended capacity is 30 kg to ensure safety and stability.
5. **Is it easy to maneuver in the ward?**
Yes, thanks to the 4 Ø100 mm wheels (2 with brake) and corner bumpers, it is very manageable even in tight spaces.

Mini buying guide:

When choosing a trolley for the administration of medicines, check that it is equipped with **secure closing**, **materials suitable for sanitization**, and **ISO certifications** for medical use.

It is essential to evaluate the **internal modularity**: trolleys like the H919_45 are prepared for **optional drawers**, to be chosen based on the type of medicine and frequency of use.

The **maneuverability** is essential: prefer trolleys with **braking wheels and bumpers**. Also consider **compact dimensions** to facilitate passage in the ward.

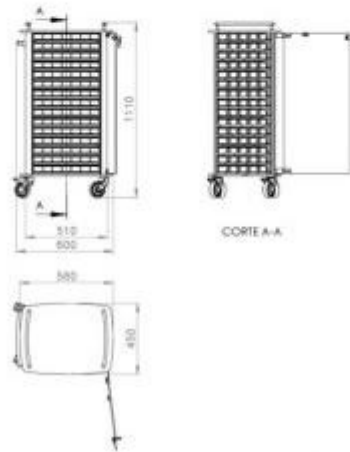

Hospital medicine trolley 15 compartments, medicine trolley with key lock, trolley for medicine administration ISO 13485, medical trolley with wheels and brakes, compact medicine trolley for ward, medicine distribution trolley with optional drawers.
