

Meeting room armchair h776_45

Meeting armchair in steel and eco-leather (65.5x57.5 cm). Horizontally stackable with rear wheels for dynamic space management.

The **meeting armchair** is a professional solution designed for furnishing conference rooms, offices and executive spaces that require flexibility and comfort. The structure is designed to ensure ergonomic seating during prolonged sessions, addressing the need for quick movement without compromising stability during static use. The hybrid design integrates the solidity of a fixed frame with the practicality of an integrated movement system.
