

Meeting table L. 160cm folding legs h908_189

Meeting room table with metal folding legs, ivory top. Space-saving model. Dimensions: L. 160 x D. 60 x h. 73 cm.

The **h908_189 meeting table with folding legs** is the perfect choice for those seeking **workspace width and ease of management**. The **folding legs** without a supporting structure make it simple to open, close, and store, significantly reducing bulk and allowing for quick reorganization of the environment.

The **ivory top** offers a sober and professional aesthetic, suitable for any context, while the **aluminum-colored metal legs** ensure solidity and durability over time.

The **length of 160 cm** guarantees enough space to accommodate multiple people, materials, or equipment, making it suitable for corporate meetings, conferences, events, and group activities. The **space-saving structure** also makes it ideal for multi-functional environments and tight spaces that require versatile furnishings.

What are you waiting for? Purchase the h908_189 table to combine workspace width, robustness, and practicality in a single solution.

FAQ:

1. Is it suitable for use with electronic equipment (PC, tablet, projectors)?

Yes, the large surface and stable structure make it suitable for use with PCs, tablets, projectors, TVs, etc.

2. Is the table easy to move?

Yes, despite the dimensions, the folding structure and low weight facilitate transport.

3. Can it be used for conferences and meetings?

Yes, it is perfect for use during business meetings, conference rooms, and events.

4. Does it adapt to small spaces?

Yes, when closed it takes up very little space, allowing you to make the most of the available area.

5. How to clean the ivory top?

A soft cloth moistened with a neutral detergent is enough to keep it clean and in good condition.
