

## Meeting table L.140cm folding legs h908\_188

Meeting room table with metal folding legs, ivory top. Space-saving model. Dimensions: L. 140 x D. 70 x H. 73 cm.

The **h908\_188 table** is designed to offer **versatility, practicality and solidity** in professional, training and exhibition contexts. The **folding legs without a load-bearing structure** allow it to be closed quickly and stored in small spaces, making it ideal for environments where it is necessary to reorganize the furniture frequently.

The **ivory top** ensures an elegant and neutral appearance, easily combinable with other furnishing elements, while the **aluminum-colored metal legs** offer resistance and stability even in case of intensive use.

With a **length of 140 cm**, it provides a large work surface suitable for meetings, training courses, exhibitions or temporary events. Its **space-saving structure** makes it perfect for those looking for flexible and easily transportable furnishing solutions.

**Choose the h908\_188 table** to have more work space without sacrificing practicality and ease of storage.

### Technical features:

- **Dimensions:** L. 140 x D. 70 x H. 73 cm
- **Type:** space-saving
- **With folding legs, without structure**
- **Top color:** ivory
- **Legs:** metal

### User benefits:

- **Large surface:** 140 cm length to accommodate more people or work materials.
- **Easy to store:** folding legs to reduce bulk after use.
- **Guaranteed sturdiness:** metal legs for strength and stability.
- **Professional aesthetics:** ivory top and aluminum-colored legs suitable for formal contexts.
- **Versatility of use:** perfect for meetings, courses, trade fairs and corporate events.

### FAQ:

#### 1. Can it be used for trade fair exhibitions?

Yes, the large surface and folding design make it also suitable for stands and exhibitions.

#### 2. Is the table stable even with heavy equipment?

Yes, the metal legs offer good support for light and medium-heavy equipment.

#### 3. How much space does it occupy once folded?

Occupying only the thickness of the top and folded legs, it can be easily stored in warehouses or along walls.

#### 4. Is it suitable for group work?

Yes, the 140 cm length allows for comfortably accommodating several people at the same time.

#### 5. How to clean the top correctly?

A damp cloth with mild detergents is enough to keep it clean and in good condition.

### Mini purchase guide:

The **multipurpose folding table** model **h908\_188** combines **large surface, resistance and practicality**. With **folding legs**

and a **space-saving structure**, it is ideal for **corporate meetings, training courses, trade fair events** and **temporary setups**. The **length of 140 cm** offers more work space while maintaining simple and fast management.
