- **Elegant and neutral design:** adapts to professional and educational contexts.
- **Versatility of use:** suitable for conferences, meetings, trade fairs, and temporary events.

FAQ:

1. Is it suitable for long tables in corporate events?

Yes, the length of 180 cm allows for the creation of wide workstations or the connection of multiple tables for larger compositions.

2. How much space does it take up when closed?

Once folded, it only takes up the thickness of the top and legs, making storage easy.

3. Can it support electronic equipment?

Yes, it is stable and can accommodate laptops, projectors, and presentation devices.

4. Is it easy to move?

Yes, the lightweight and folding structure allows it to be transported effortlessly.

5. Does the top stain easily?

No, the ivory top is resistant and easy to clean with mild detergents.
