

Meeting table W.120cm folding legs h908_187

Multipurpose table with metal folding legs, ivory top. Space-saving model. Dimensions: W. 120 x D. 70 x H. 73 cm.

The **h908_187 multipurpose table with folding legs** is a practical and resistant solution designed for **shared workspaces, conference rooms, training courses and temporary setups**.

Equipped with **folding legs** without a supporting frame, it can be stored in a few seconds, significantly reducing the footprint when not in use.

The **ivory-colored top** gives an elegant and professional look, while the **aluminum-colored metal legs** guarantee sturdiness and stability even with frequent use.

Thanks to its **width of 120 cm**, it offers a large work surface while remaining easy to move and position. The **space-saving structure** makes it suitable for contexts where furniture flexibility is essential.

Buy the h908_187 table for flexible and professional furniture that adapts to every space requirement.
